**WHEREAS**, the World Health Organization declared COVID-19 a Public Health Emergency of International Concern on January 30, 2020; and

**WHEREAS**, the Centers for Disease Control and Prevention (the "CDC") has warned of the high public health threat posed by COVID-19 globally and in the United States; and

**WHEREAS**, on January 31, 2020, the United States Department of Health and Human Services Secretary declared a public health emergency in the United States for COVID-19 under Section 391 of the Public Health Service Act; and

**WHEREAS**, on March 13, 2020, the President of the United States declared that the COVID-19 outbreak in the United States constitutes a national emergency; and

**WHEREAS**, also on March 13, 2020, the Governor of the State of South Carolina (the "State") issued Executive Order 2020-08, declaring a State of Emergency based on a determination that the COVID- 19 poses an actual or imminent public health emergency for the State; and

**WHEREAS**, the Governor of the State has subsequently declared a continued State of Emergency in Executive Orders 2020-15 (March 28), 2020-23 (April 12), 2020-29 (April 27), 2020-35 (May 12), 2020-38 (May 27), and 2020-40 (June 11); and

**WHEREAS**, the State is experiencing a dramatic increase in the number of identified new COVID-19 cases, and as of June 25, 2020, the South Carolina Department of Health and Environmental Control ("DHEC") is reporting that there have been 27,842 confirmed COVID- 19 cases and 683 confirmed COVID-19 deaths in the State; and

**WHEREAS**, if COVID—19 cases continue to increase in the State, Lancaster County, and in the Town of Kershaw, the demand for medical, pharmaceutical, personal, and general cleaning supplies may overwhelm sources of supply; the private and public sector work force may be negatively impacted by absenteeism; and the demand for medical facilities may exceed locally available resources; and

**WHEREAS**, the CDC has confirmed from recent studies that a significant portion of individuals with COVID—19 lack symptoms and that even those who eventually develop symptoms can transmit the virus to others before showing symptoms; and

**WHEREAS**, health authorities, including the CDC, the Surgeon General of the United States, and DHEC have recommended the use of face coverings as a means of preventing the spread of COVID-19; and

**WHEREAS**, the South Carolina Code of Laws, among other things, obligate the Town Council to protect the life, health, safety, and general welfare of its residents and visitors; and
